#### INDIANA SAFE

For the Republicans So Writes a Denizen of That State-Larger Plurality Than in '96-Bryan Making Cheap, Cross Roads Speeches.

The following letter from a gentleman in Indiana to his brother in St. Clairsville, Ohio, states the political situation in that state:

DEAR BROTHER GEORGE:-Replying to your letter of inquiry in regard to the probable result of the coming election in this state, I do not hesitate to say that, in my opinion, the Republican national ticket will carry Indiana by a larger plurality than in '96. do not say this simply because I wish it to be so (for you know that I never let my feelings run away with my judgment), but because I have evidence which satisfies me that this will

First, the poll of this county shows forty changes from Bryan to McKinley and only three changes from McKinley to Bryan, and I am told by our congres sional candidate, who has made a canvass of the district, that the changes are about in that proportion in every county in the district, and I know nothing to influence the voters in this district which will not influence them imilarly in every county in the state; in fact, I am reliably informed that this is the case.

Second, I had a talk recently with Hon. B. F. Posey, of Evansville, excongressman from the first district, on the attitude of the Germans in his city, Evansville, Mr. Ray said, "it is the most distinctively German city in the state, nd my practice is largely with people of that nationality. I have made it a point to learn their intentions in the coming election, and I am prepared to say that McKinley will receive a larger per cent of the German vote than he did four years ago." I have known Mr. P. intimately for twenty-five years, and know him to be a bright, reliable, level-headed man. which influence the Germans of Evans ville will certainly influence the same class of voters all over the state.

ed by the Populists of the state. This year they have their own ticket, and are going to vote it. I know this to be the case in this county, which will make a difference of between 400 and 500, as we have that many Populists, which is more than any other county in the

Fourth, a large number of prominent, influential men, former Demo-cratic leaders, have deserted the Bryan combination, and are avowedly for McKinley and Roosevelt. Among them are Tharp, former mayor of the city and later state senator; Colonel Demby, of Evansville, a life-long Democrat and one of the strongest and cleanest men in the state; ex-Congressman Coun, of Elkhart; Hulmans (father and sons), wholesale grocers of Terra Haute, and many others, whose influence will certainly be felt. The trend seems to be almost entirely toward Mc-Kinley. I know six voters within sixty ards of my place of business who voted for Bryan four years ago, who are now outspoken for McKinley.

Bryan was here on Saturday, the last day of our street fair. The crowd in town was not much larger than on the other days of the fair. His speech was of the cheap, cross-roads, demagogue style, and 'the absence of enthusiasm was very noticeable. The talk of im perialism and militarism is not considered in the least by our people. A threat of ghosts would be just as seriously considered.

I did not intend to say so much when I started, but wanted to answer your inquiry as fully as possible. Put Indiana down at 25,000 plurality

for McKinley, and see how far I am All well. Your brother, N. H. Washington, Indiana, Oct. 7, 1900.

### RED LETTER DAY

For Republicans in Barbour County. Large Crowd Turned Out to Hear White and Shanor.

Special Dispatch to the Intelligencer PHILIPPI, W. Va., Oct. 20.-Satury was a red letter day for the Re publican party in Barbour One of the largest crowds turned out to hear Hon. A. B. White, the next gover-nor of West Virginia, and Hon. P. A. Shanor, that has ever assembled Barbour county. The people came on horseback, in buggles and in road wagons and on the trains until the streets were a seething mass of people. The meeting was held in the opera house, which contained nearly a thousand people and not more than half the crowd could get into the hall.

Messrs. White and Shanor made excellent speeches, which were most enthusiastically received by the people, many of whom were Democrats.

On the 9th inst., Judge Holt spoke here to probably four hundred people, after the county had been scoured for weeks, trying to get a large crowd. It was indeed a frost in comparison with this meeting to-day. Barbour county is all right and will give two hundred Republican majority in November.

# Big Ox Roast in Davis.

Special Dispatch to the Intelligencer. DAVIS, W. Va., Oct. 21 .- One of the most brilliant affairs in the history of Tucker county politics was the ox roast and Republican speaking here Saturday. The early morning trains to this place were crowded to overflowing with Republicans filled with enthusiasm. The parade formed at 12 o'clock and marched over the principal streets of the town, after which the roast ox and baked beans were served to the visito-day. Hon, John R. Dosposses, of York, and Congressman A. C. Dayton addressed a large audience the front porch of the Blackwater Hotel, This evening, Hon. Daniel I. Ryan, of Columbus, Ohio, ad-

Veteran J. M. Pritchard of No. 3326 Veteran J. M. Pritchard, of No. 3226 Eoff street, engineer at Wood Brost, planling mill, says; "My back was so sore and weak that if I stooped or sat for a while I could scarcely straighten. I could not rest at nights and was so restless, trying to get a position in which I could rest. I suffered a great leaf from headches and greatles of the which I could rest. I suffered a great deal from headaches and spells of dizziness and often when I arose I was almost blind for a time. I tried a great many things, but was never able to get any positive relief until I saw Doan's Kidney Pills advertised and got a box at the Logan Drug Co.'s. They helped me at once and I continued their use until cured."

#### The Features of the Money and Stock Markets.

NEW YORK, Oct. 20 .- Money on call nominal. Prime mercantile paper 5@6 per cent. Sterling exchange easy, with actual business in bankers' bills at \$4 84 @4 8414 for demand and at \$4 81@4 8114 for 60 days; posted rates \$4 82@4 82% and \$4 8514. Commercial bills \$4 8014@ 4 81. Sliver certificates 6414@6514c. Bar silver 644c. Mexican dollars 504c State bonds inactive. Railroad bonds strong, Government bonds steady. The tentative opposition which has

been offered to the upward course of

prices for two days past by a considerable bearish element of professional traders was wholly abandoned to-day and prices moved upwards, without important exception and almost without Interruption. Considering the very large volume of the dealings, the move ment of prices of the majority of stocks was surprisingly small. The large and eager demand from outside sources was, in fact, pretty steadily fed by the professional operators who were taking their profits. But the undertone of firmness was shown by the prompt decline in the offerings when there was the slightest vielding in prices. There were a few stocks, also, in which there were striking upward movements, notably in the steel and iron group. American Hoop was the leader and was strong from the outset. Federal Steel encountered some opposition to the advance in the early dealings, but ultimately became very buoyant in tone. The whole group came into the movement under this leadership, and advanced from 1 to 314 per cent, the latter figure for American Hoop. This movemen was an essential factor in the buoyant tone of the whole market at the close. Pacific Mail was marked up 3 points, without any news to account for the hopes of benefit to the property from the passage of a ship subsidy bill at the coming session of Congress. A bank statement which reports a decline in surplus reserves of \$1,516,225, in spite of a loan contraction of over \$10,000,000 would precipitate an effective bear at-tack on prices in any ordinary market, but the large loss in reserves, which reached \$5,205,200, was offset by other considerations, and by the conviction that the showing was due to the vagarthat the showing was due to the vagar-ies of the average system of computa-tion. Last Saturday's statement, it will be remembered, failed to show the known movement of money to the inter-lor-by over \$3,000,000. To-day's state-ment is believed to overstate the real loss by at least as much as the previous statement understated it. It is evident, also, that the week's receipts of gold came too late to affect the showing, and will have a resulting larger effect on came too late to affect the showing, and will have a resulting larger effect on next week's showing. The mid-week receipts were supplemented by \$1,200,000 in gold, which arrived from Europe yesterday and to-day and by \$4,800,000 in reversions which arrived its affects. terday and to-day and by \$4,800,000 in sovereigns, which arrived at San Francisco from Australia yesterday. Additional large receipts of Klondike gold are in sight, and more of the European gold will come in next week, hence the non-effect on sentiment of the poor surface showing by the banks. The large loan contraction is explainable in part at least, by the fact already pointed out in these dispatches that the trust companies have been the active lenders in canies have been the active lenders in busy week on the stock exchange and have drawn on their deposits with

the busy week on the stock exchange and have drawn on their deposits with the banks, thus forcing the calling of bank loans and replacing them with loans on their own account.

The stock market during the past week has had the benefit of various favorable factors, part of them growing out of substantial improvement infinancial conditions. The most important element in the advance is the forcing to cover of a large short interest. Professional operators in stocks who are greatly prone to historical analogies, found themselves impressed with the recollection of what happened to the stock market at this time four years ago, and they argue that the tendency to-day to hold back from business engagements until after election warranted the expectation of a decline in prices before election such as occurred four years ago, but the sudden turn of circumstances last week towards relief from the threatened stringency in the New York money market gave opportunity for the watchful bull contingent in stocks to effect a turn in prices against their opponents, which drove them to cover in a somewhat disorderly and hasty manner.

CHICAGO—Unsettled weather in the northwest was mainly responsible for a small advance in wheat to-day, De-cember closing 4c over yesterday, Corn closed 4c and oats 4c higher. Pro-visions at the close were unchanged to

Aside from one or two moderate Aside from one or two moderate spurts of activity, wheat was a quiet market throughout the curtailed Saturday session. Aside from rather heavy selling by a prominent buyer yesterday the market was without feature. Offerings were absorbed by the local crowd. Sellers were influenced by lower cables, while the buying had as its motive unsettled weather in the northwest, a better general demand for flour at Minneapolis, and a report asserting that three-fourths of the North Dakota crop had already been marketed and that three-fourths of the North Dakota crop had already been marketed and that the crop this season was "practically no good, many not getting their seed back." December opened 'he lower at 74% to 74%674%c, and sold to 76 the first hour. Then the market gradually worked up to 74%674%c, and closed firm and '4c higher at 74%c. Cash sales here and at the seabond were closed firm and 4c higher at 74%c. Cash sales here and at the scaboard were light. Seaboard clearances in wheat and flour were equal to 525,000 bushels. Primary receipts aggregated 1,059,000 bushels, compared with 1,017,000 bushels last year. Minneapolis and Duluth reported 506 cars, against 486 last week, and 715 a year ago. Local receipts were 133 cars, seven of which were of graded contract.

Corn was moderately active and firm

the bull sinews of war coming mainly from a good cash demand, although steady cables and light country offerings were also items friendly to the price. There was good buying nearly all the session by commission houses, particularly those with seaboard connections. Shorts covered moderately, figuring that to-day's cash sales were additions to the heavy export business done yesterday and the day before here and at the seaboard. Receipts were 526 cars. December sold between 35½c and 35%c. closing ½c up at 35%c.

Oats were quiet but firm, helped by the wheat and corn strength, light country offerings and a prospect of wet weather. Receipts were 23 cars. December sold between 21¾c22c and 22½c, closing ½c higher at 22½c.

Provisions were quiet but firm. Hog receipts were light and prices at the yards higher. The cash demand was fair, but not quite as active as it has been recently. Packers, however, were buyers of lard and ribs for future delivery. That hog receipts were only 6,000 under those of the week previous, although prices have dipped 60c, was a consideration of a bearish tinge in the provisions pit. January pork sold between 35 65 and 36 70, closing 2½c higner at 36 67½ and January ribs between 45 65 and 45 70, closing 2½c higner at 36 67½ and 36 65. With the close 2½c up at 46 024/66 65. One trade October pork dropped it to 514 00.

Estimated receipts Monday:

Wheat, 230 cars; corn, 560 cars; oats, 300 cars; logs, 52,000 head.
